

MSCOPE Project proposals Winter Quarter 2006 Suggested Outline

Proposals Due: 01/26

1. Project Title
2. Type of Project (Hands-on Exhibit, Demonstration, Media Interactive).
3. Target Museum and Venue: The project should benefit and be appropriate for display or use by one or both of our partner museums: SciTech and MSI.
4. Target Audience: The projects must be targeted at a specific, identifiable museum audience. (For example, a typical SciTech exhibits could be for 6 to 10 year olds).
5. Big Idea: The projects should communicate a clear, well defined scientific or technological idea that can be outlined in a few sentences. Hands-on interactivity must be an integral part of the project.
6. Describe project in words and with a simple sketch the project.
7. Description or brief explanation of science and/or technology behind the concept
8. Evaluation Plan
9. List possible connections to SciTech or MSI Exhibits or Educational programs
10. List any visualizations, graphics or other items you think might help tell the story of this concept
